STREET DIVISION MAINTENANCE UPDATE

STREET SWEEPING

Rockford, IL- The Spring Residential Sweeping cycle is complete as of Friday, June 21, 2019. Crews began the second Arterial Sweeping cycle on Monday, June 24, 2019. The Central Business District and City parking lots will continue to be swept regularly during the overnight hours throughout the summer.

The Fall Residential cycle is scheduled to begin around the first week of September, 2019. During the Fall Residential Sweeping Cycle, we will again provide weekly updates to highlight the areas of the city where street sweepers will be working. Maps will also be included to provide a visual of areas completed, not completed, and those in progress.

All Street Division Operations are dependent on existing weather conditions and are subject to change accordingly. Citizens are urged to approach Public Works Crews with caution and at a reduced speed that is below posted speed limits. The City of Rockford appreciates your continued patience and cooperation as we perform our Street Maintenance Activities.

For questions regarding this project, please contact Harry Noble, Street Maintenance Supervisor, at (779) 348-7619.

WATER DIVISION MAINTENANCE UPDATE

HYDRANT FLUSHING PROJECT UPDATE

THE WEEK OF AUGUST 4, 2019

Rockford, IL- The following is an update of the current City of Rockford Unidirectional Flushing Program for the 2019 flushing season.

UNIDIRECTIONAL FLUSHING PROGRAM:

Water Superintendent: Kyle Saunders (779) 348-7371
Assistant Superintendent: Mike Norris (779) 348-7359
Operations Supervisor: Devin Johnson (779) 348-7362

UNIDIRECTIONAL FLUSHING BOUNDARIES:

North – Broadway
South – Harrison Avenue
East – 20th Street
West – Rock River

PROJECT UPDATE:

The Public Works Department releases the following information on the flushing operation from 7/28/2019 to 8/03/2019:

Residential Streets Flushed:

Sawyer Road	Lyran Avenue	Barry Road
Grand Park Boulevard	7 th Street	Score Street
19 th Street	Collins Street	Roosevelt Road

Projected Flushing Locations:

During the week of 7/28/2019 to 8/03/2019, the following streets are scheduled to be flushed:

12 th Street	16 th Avenue	Kishwaukee Street
Buckbee Street	8 th Street	S 6 th Street
15 th Avenue	Blackhawk Park Avenue	S 4 th Street

WATER QUALITY CONTACTS:

Water Quality Group:

(779) 348-7151

Customers are advised that they may experience discolored water during hydrant flushing. While not a health hazard, iron (red water) or manganese (black water) may become stirred up within the main while flushing which may create staining on porcelain and laundry. This may result in the disturbance of sediment, possibly containing lead. It is advised that you flush your water lines for one to two minutes once work is completed in your area, including removing and cleaning faucet aerator screens to remove sediment. For this reason, it is vital that the public be aware of the time and area that will be affected.

For a detailed map of hydrant flushing locations and when staff will be working in specific neighborhoods, please visit the City's web site at: <http://rockfordil.gov/public-works/water-division/hydrant-flushing>.

Water quality questions and concerns may be directed to the Water Quality Section at (779) 348-7151.

CITY OF ROCKFORD FIRE FLOW TESTING UPDATE

Rockford, IL- The City of Rockford began annual fire flow testing program on Tuesday, July 23, 2019. Flow testing occurs Monday through Friday between the hours of 7:00 a.m. and 3:00 p.m.

The City of Rockford implements fire flow testing program annually to ensure that our fire hydrants flow with adequate pressure in the event of a fire.

Customers are advised that they may experience discolored water during flow testing. While not a health hazard, flushing iron (red water) or manganese (black water) may become stirred up within the main which may create staining on porcelain and laundry.

This work may result in the disturbance of sediment, possibly containing lead. It is recommended that customers flush their water lines for one to two minutes once work is completed in their area including removing and cleaning faucet aerator screens to remove sediment.

We anticipate that this program will last for approximately 6 weeks.

You may refer to the attached map to view progress. The boxed area represents the area where the crew is currently concentrating efforts.

Water quality questions and concerns may be directed to the Water Quality Section at 779-348-7151.

2019 FIREFLOW TESTING AND HYDRANT INSPECTION STATUS

THIS WEEK'S FOCUS

Fireflow Testing and Hydrant Inspection Status

Legend

Status

- Complete
- Incomplete

WENTWORTH TOWER REHABILITATION
(2310 WENTWORTH AVENUE)

Rockford, IL- Maintenance activities continue to progress to rehabilitate the water tower at 2310 Wentworth Avenue. The project is anticipated to be completed early December 2019. The Wentworth Tower Rehabilitation Project consists of abrasive blasting and recoating of the interior wet, interior dry and exterior of the tank, ladder and catwalk improvements, as well as other various upgrades and improvements.

All work is dependent on the proper weather conditions. Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

For questions regarding this project, please contact Jamie Rott, Assistant Water Superintendent, at (779) 348-7654.

BRUCE STREET AND LAPP COURT WATER MAIN REPLACEMENT
(FROM KILBURN AVENUE TO N HORSEMAN STREET)

Rockford, IL- Lapp Court from Kilburn Avenue to N Horseman Street is closed to through traffic so that water main installation may occur. Please note that access to residential homes will be maintained. This water main project is anticipated to be completed by August 2019. The Bruce Street and Lapp Court Water Main Replacement project consists of replacing a one hundred five year old, six inch diameter water main with an eight inch diameter water main, water services, and all associated appurtenances. This replacement project is being completed in conjunction with the Neighborhood Program – 2018 City Wide No. 3.

All work is dependent on the proper weather conditions. Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

For questions regarding this project, please contact Jamie Rott, Assistant Water Superintendent, at (779) 348-7654.

2019 NEIGHBORHOOD WATER MAIN REPLACEMENT
(HILL STREET FROM N MADISON STREET TO N 2ND STREET,
OLIVE STREET FROM N MADISON STREET TO N 2ND STREET,
N 1ST STREET FROM HILL STREET TO 2ND STREET,
AND 2ND STREET FROM OLIVE STREET TO N 1ST STREET)

Rockford, IL- The 2019 Neighborhood Water Main Replacement project began week of July 22, 2019. Please note that access to residential homes will be maintained. The water main project is anticipated to be completed late September 2019.

The 2019 Neighborhood Water Main Replacement project consists of replacing ninety to one hundred twenty-five year old four inch and six inch diameter water main with eight inch diameter water main, water services, and all associated appurtenances.

All work is dependent on the proper weather conditions. Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

For questions regarding this project, please contact Jamie Rott, Assistant Water Superintendent, at (779) 348-7654.

Rotary Road from Skyview Center to Valentine Lane
Centerville Road from Cunningham Road to Simpson Road
Daisyfield Road from Cunningham Road to Ingersoll Park
Simpson Road from Meridian Road to Highway 20 Overpass
Pierpont Street from Cunningham Road to railroad tracks

The operation is dependent on existing weather conditions and is subject to change, accordingly. City-wide pavement striping for lane lines will continue during the months of May through August 2019.

Citizens are urged to approach striping crews at a reduced speed that is below posted speed limits. Proceed with caution traveling into the lane adjacent to the pavement striper and maintain a safe distance. Changing lanes in close proximity to the pavement striping crew is not recommended. Recent changes in EPA Regulations have mandated

that manufacturers remove solvent-based driers from striping paint, thus creating extended drying times. The City of Rockford appreciates your continued cooperation.

For questions regarding this project, please contact Jeremy Carter, Traffic Engineer, at (779) 348-7656 or Mark Stockman, Director of Public Works, at (779) 348-7631.

IDOT PROJECT LANE CLOSURES AND UPDATE
N MAIN STREET (IL 2) –
PIERCE AVENUE TO CAMPUS HILLS BOULEVARD

Rockford, IL- Restoration work is completed for the project at N Main Street from Peirce Avenue to Campus Hills Boulevard. Traffic control has been removed from the project limits. There will be daily lane closures set up for the pavement parking and tree planting in certain areas throughout the next coming weeks. There will continue to be construction workers in the area finalizing a few construction items. Please be aware of these closures and workers when traveling through the construction zone. Please note that the lane closure set up in front of the new Swedish American Clinic is not part of this IDOT project. This lane closure has been put in place for the completions of the clinic project.

IDOT and the City will be coordinating with all applicable governmental agencies throughout the project.

For questions regarding this project, please contact Rick Rundblade, Senior Project Manager, at (779) 348-7642.

IDOT PROJECT UPDATE
S MAIN STREET (IL 2) AND US BYPASS 20 INTERCHANGE

Rockford, IL- The Illinois Department of Transportation continues with the reconstruction of US 20 and Illinois Route 2 Interchange. Please be aware of changes in traffic patterns as work progresses throughout the construction season.

To allow continued traffic movement as needed, flaggers will be in place as needed for crossovers, detours, and lane reductions. This project is estimated to be completed by October 30, 2020. Motorists can expect delays and should allow extra time for travel through this area. When feasible, drivers are encouraged to consider alternate routes. Motorists are reminded to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices, as well as be alert for construction workers and equipment.

PROJECT SCOPE OF WORK- William Charles Construction will be reconstructing US 20 and IL 2 with new Portland Cement Concrete pavement and shoulders. The dual structures carrying US 20 over IL 2 will be removed and replaced. The existing cloverleaf interchange will be configured as a diamond interchange with new signal installations at the ramp intersections with IL 2. The cost of the project is \$24 million.

For construction updates from IDOT District 2, follow [@IDOTDistrict2](https://twitter.com/IDOTDistrict2) on Twitter or view construction details on IDOT's [traveler information map](#) on

GettingAroundIllinois.com. IDOT and the City will continue coordinating with all applicable governmental agencies throughout this project.

For questions regarding this project, please contact Rick Rundblade, Senior Project Manager, at (779) 348-7642.

KEITH CREEK BANK STABILIZATION AND BRIDGE REMOVAL
PHASE I & II - CONSTRUCTION

Rockford, IL- Construction work continues to progress along the Keith Creek between 7th Street and Railroad Avenue. Completion for Phase II has been pushed back to the end of August 2019. Please be aware of construction workers and equipment coming and going from the construction site through the duration of this project.

Phase II project limits are from 7th Street to Railroad Avenue along Keith Creek. The scope of work is to reshape and stabilize the creek banks to help prevent erosion. The bridge at 8th Avenue will be permanently removed during this phase.

For questions regarding this project, please contact Rick Rundblade, Senior Project Manager, at (779) 348-7642.

CITY-WIDE BRIDGE INSPECTION

Rockford, IL- Starting Monday, July 15, 2019, the City of Rockford's bridge inspection contractor began inspecting the bridges throughout the city. The contractor will begin inspecting the bridges over the Rick River.

Please be aware of lane closures in place for each inspection. Drivers are reminded to use caution when driving through these areas.

For questions regarding this project, please contact Marty Ruvolo, Senior Project Manager, at (779) 348-7632.
