Gregg –

Auburn administration asked me to communicate this request to you. To enhance safety and traffic flow of traffic dropping off and parking at our new Main Entrance in the Auburn Fieldhouse off Pierpont Ave., we would like to request the City’s creation of a No Parking Zone for the portion of the West side of Pierpont Ave. that is adjacent to our student parking lot. I have highlighted the requested area in Yellow on the attached – it runs on the West side of Pierpont Av. from Auburn St. South to intersection of the diagonal sidewalk from the parking lot with the main sidewalk (basically at the North end of the track oval.)

Please contact me if you have questions. Thank you!

Hi Karen and Tom,

Good morning

In response to the below:

The curb cut was removed because it is not a designated crosswalk. The work was coordinated with RMTD. Their buses have ramp provisions that bridge to the sidewalk.

The street light is being evaluated. Kelly please see the location below.

Kind regards

mv

Subject: 11th ward request

Good morning Karen,

I hope this finds you and yours well.

I have two things this morning I wanted to ask. I shop at Golden Market at 806 Broadway. At night their parking lot is as dark as pitch. They have a small light at the corner of their building but no street lights at all. I know we've reduced the amount of street lights, but maybe one or two to help with the safety of the shoppers? I don't like to go there at night. Especially with my kids.

The 2nd item is for the 5th Ward. If you could forward this for me I would be appreciative. I work at Luther Center at 111 W. State St. We had a new curb poured on the West State Street side, but they forgot to put the curb cut in for the wheelchair at our bus stop. Could you please ask the Alderman in the 5th Ward to look into this. It may be that no curb cut is necessary in front of the bus stop. I just ask that it be looked into in case it's an oversight.

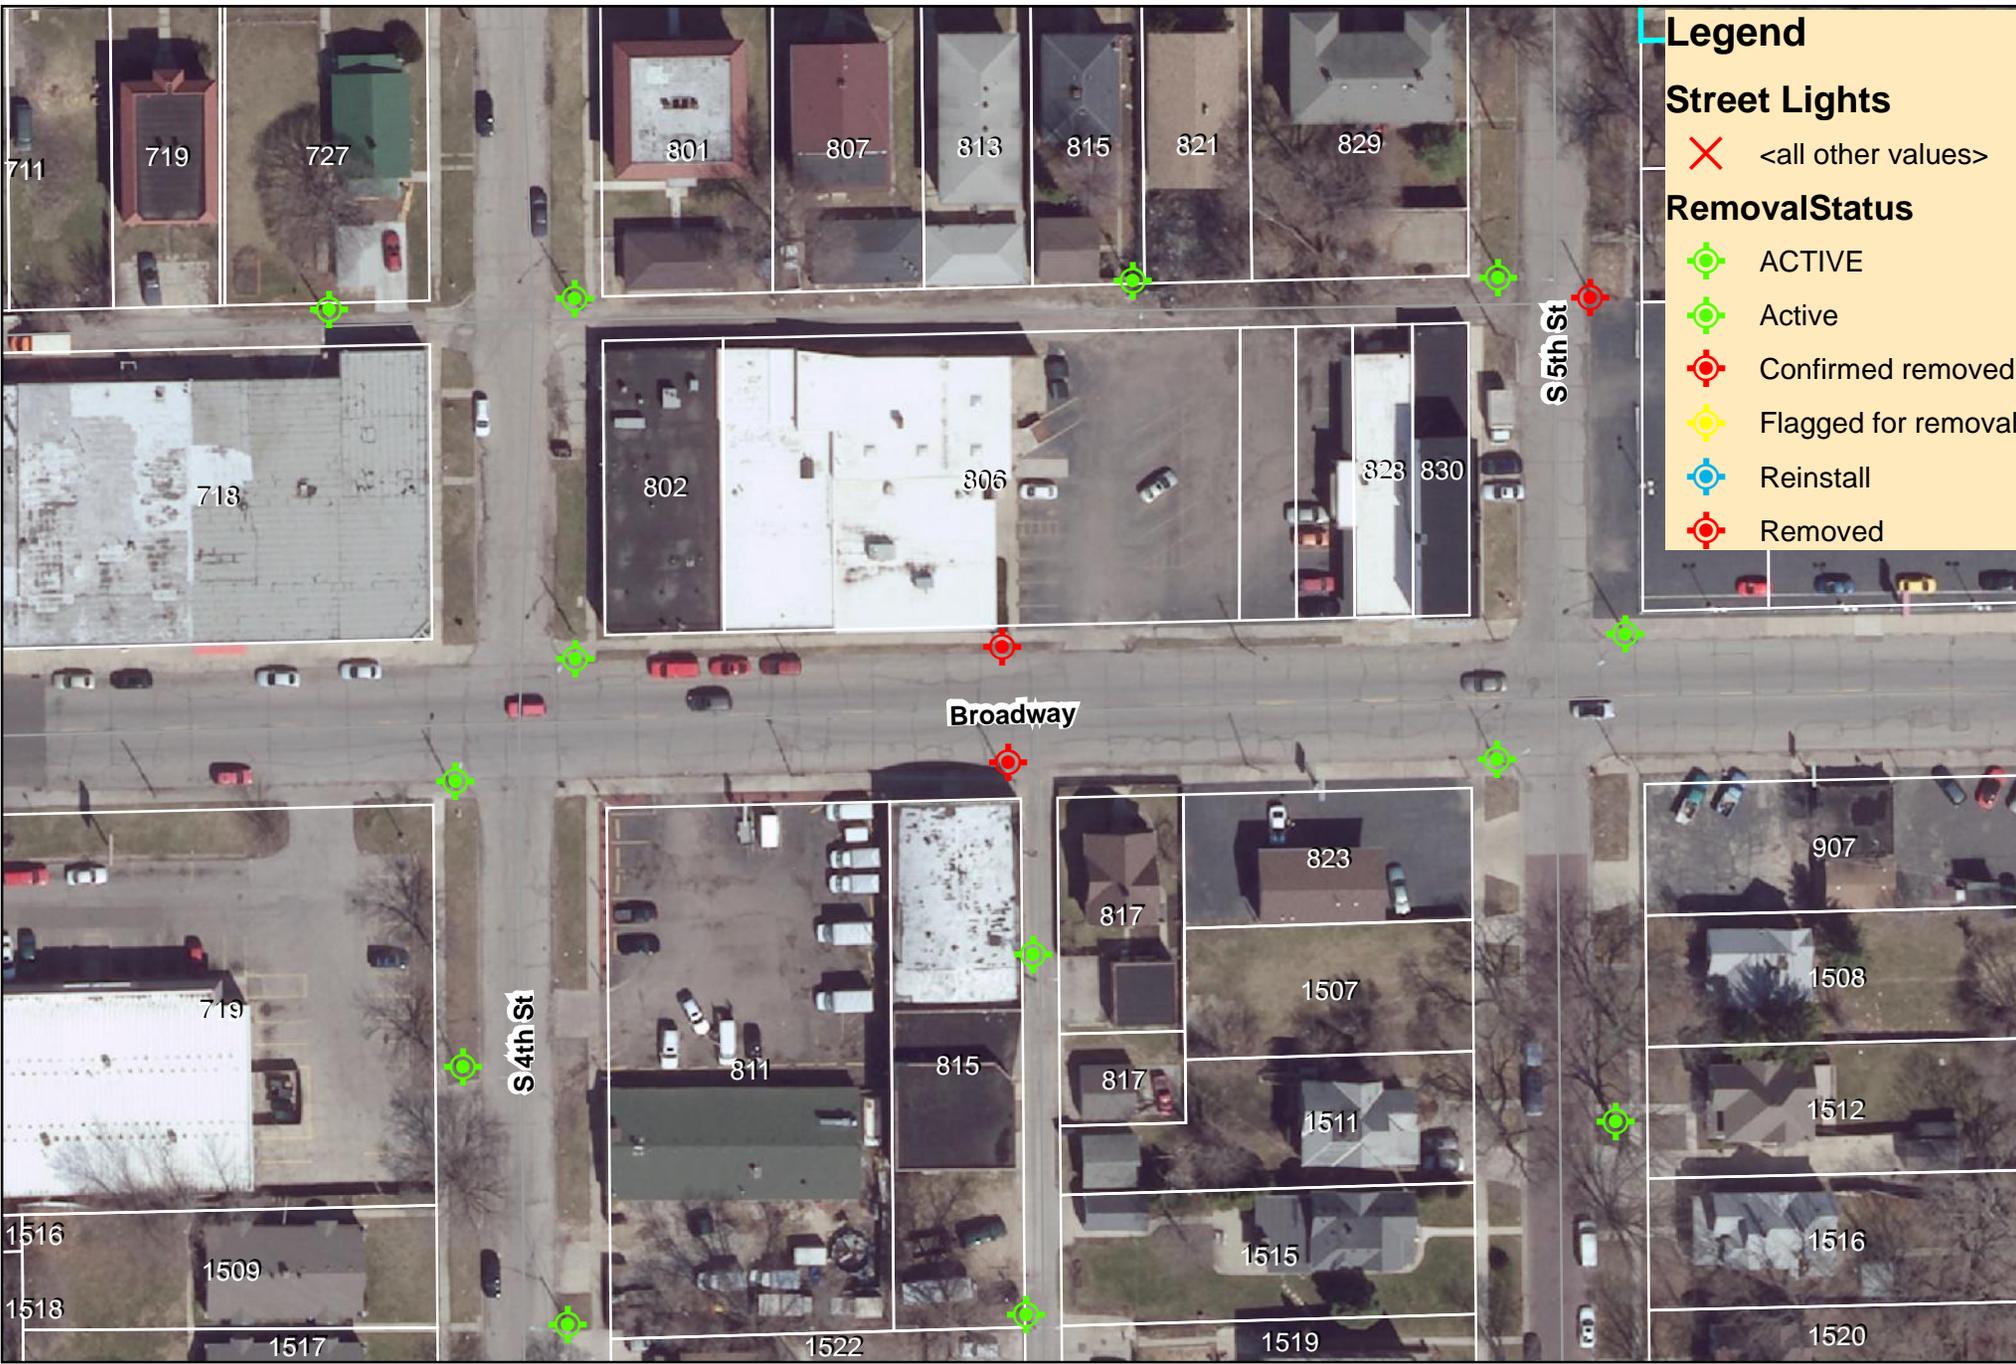

Thank you Karen. I appreciate your time.
