DIVISION

ROCKFORD TRAFFIC COMMISSION

6:00 P.M., WEDNESDAY, MAY 10, 2017

CONFERENCE ROOM "A" 2ND FLOOR
CITY HALL BUILDING
425 E. STATE STREET

1. Request in the 10th Ward, from Angela Spencer, to establish traffic control at the intersection of Harney Court and 28th Street.
2. Request in the 1st Ward, from Shaun Sicotte, to establish "No Parking Any Time" on the north side of Barrack Lane from Wishart Drive to 210' east of Wishart Drive
3. Request in the 7th Ward, from Ed Hornbeck, to establish "No Parking Any Time" on the east side of Kilburn Avenue from parkside Avenue to 380' south of Parkside Avenue.
4. Request in the 1st Ward, from Dave Straube, to establish stop control at the intersection of Garret Lane and Maeve Lane.
5. Request in the 1st Ward, from Dave Straube, to establish stop control at the intersection of Garret Lane and Shay Drive.
6. Request in the 1st Ward, from Dave Straube, to establish stop control at the intersection of Garret Lane and Brett Place.
7. Request in the 1st Ward, from Dave Straube, to establish stop control at the intersection of Garret Lane and Karls Court.
8. Request in the 1st Ward, from Dave Straube, to establish stop control at the intersection of Garret Lane and Madeline Drive.
9. Request in the 1st Ward, from Dave Straube, to establish stop control at the intersection of Garret Lane and Joyce Avenue.
10. Request 1st Ward, from Nicole Durkee, to establish traffic control at the intersection of Wishart Drive and Heather Lane.
11. Election of officers for 2017-2018 Rockford Traffic Commission.

From: [angela spencer](#)
To: [Pablo Solares](#)
Subject: Re: traffic commission
Date: Thursday, September 22, 2016 12:10:54 PM

Dear Mr. Solares,

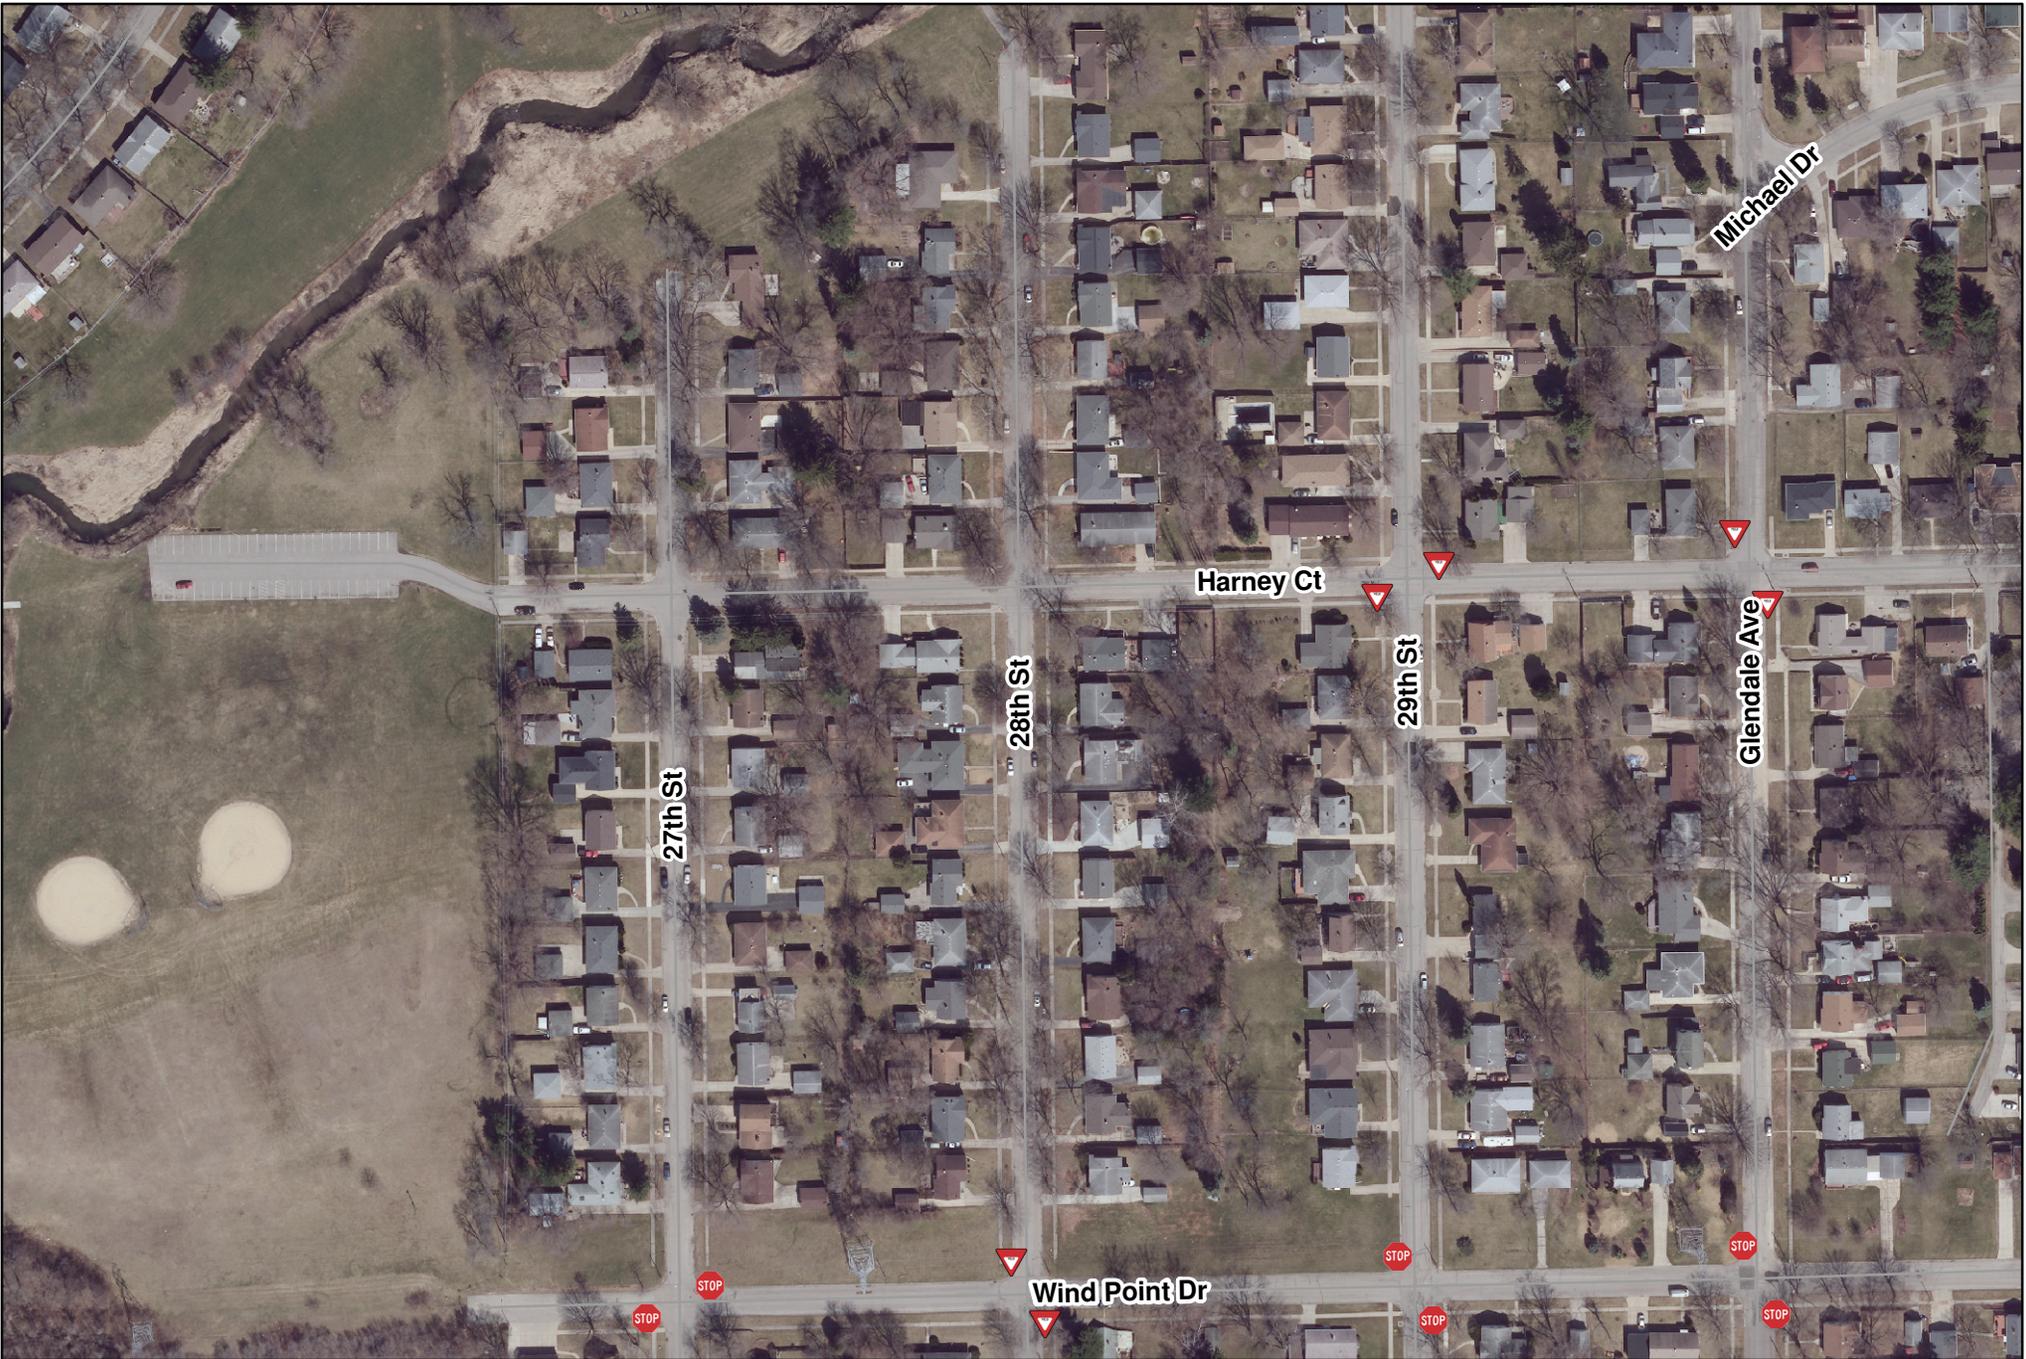

I am requesting signage pertaining to the intersection of Harney Court and 28th Street. A yield sign would suffice.

At the present time there are no signs on either street corner alerting a motorist to be cautious increasing the likelihood of an accident. There have been near misses that would not be apparent by looking at statistics.

I feel a yield sign on Harney Court at 28th Street would keep motorists and children at play safer.

Sincerely,

Angela Spencer
507 28th Street
Rockford, IL. 61108

Subject: Kilburn Ave. Parking

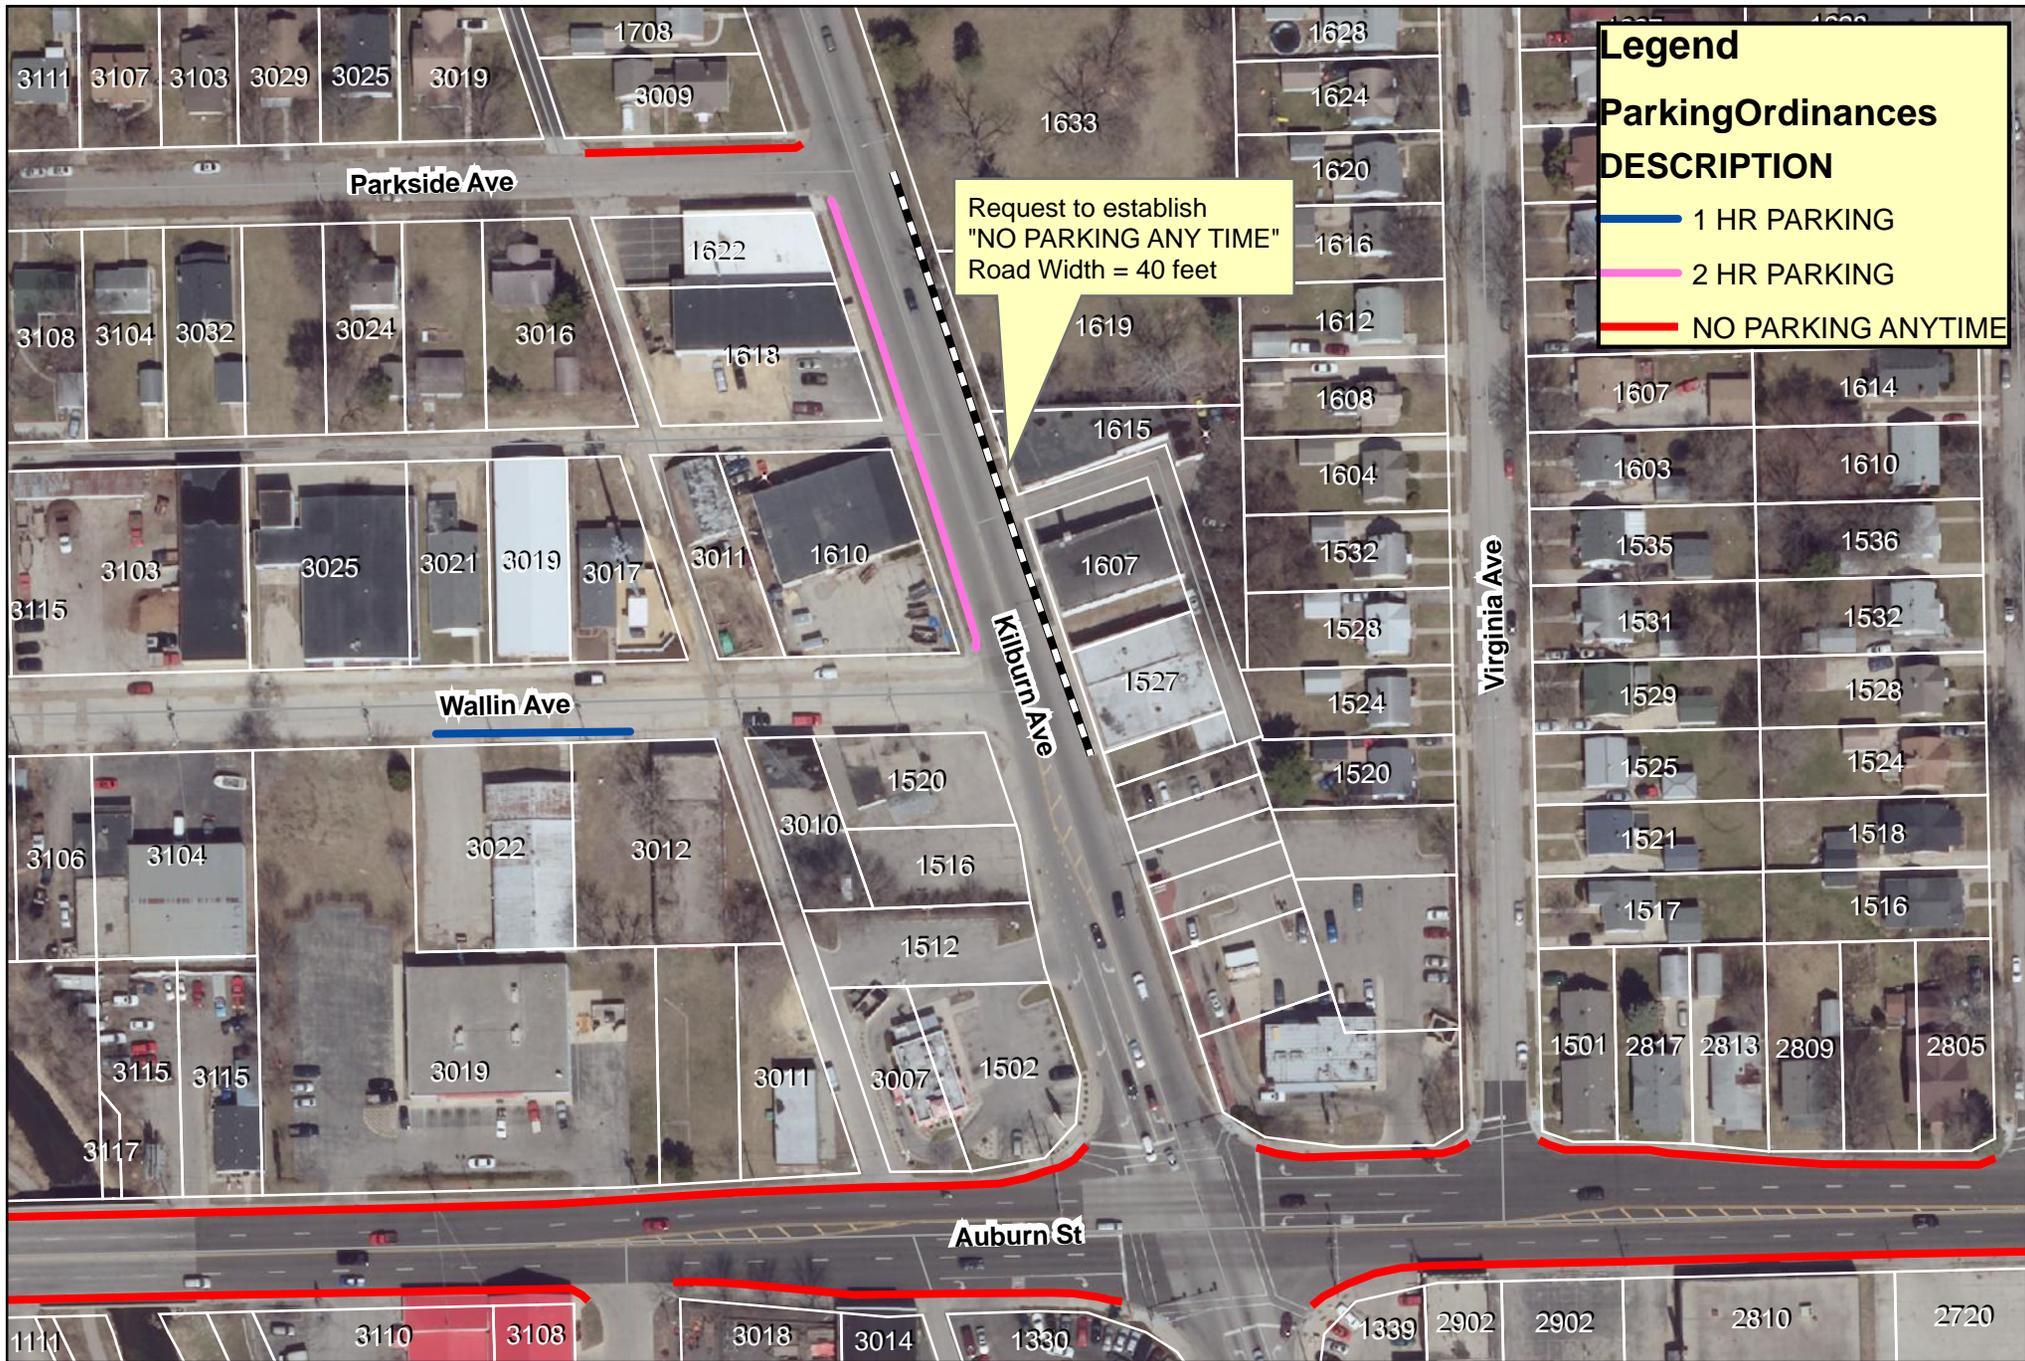

Jeremy,

In response to your solicitation for opinion on parking restrictions on Kilburn Ave. I want to voice my strong opposition. My company owns the building at 1525 Kilburn Ave. In my opinion parking spaces should be added as far south as possible from where the present restrictions apply.

Sincerely,

Jim Thacker

*Matthew Vitner, P.E.
Director/City Engineer
Public Works Department*

April 10, 2017

Nicole Durkee
c/o Charles Leonard
Rockford Christian High School
1401 N. Bell School Road
Rockford, IL 61107

Dear Ms. Durkee:

Alderman Durkee passed your letter on to me to address. Thank you for your letter concerning the possible installation of traffic control at the intersection of Heather Lane and Wishart Dr. In the City of Rockford all requests for new traffic control goes before the Rockford Traffic Commission, who are a recommending body to the Rockford City Council. While it may seem better for intersections to have stop signs, traffic engineers prefer that people obey the rules of the road and slow down as they approach an intersection yielding the right of way when required. However, we live in the real world and this does not always happen and traffic control must be installed at times. When the Traffic Commission reviews requests for stops signs, they look at the volume of cars that drive through the intersections, the history of accidents, and if there are visual obstructions. Stop Signs are not installed to control speed as studies have shown they do not work. A car's speed 200 feet before the stop sign is usually the same as 200 feet after the stop sign. I am placing this item on the May Traffic Commission Agenda. The meeting is May 10, 2017 at 6pm on the 2nd Floor of City Hall (425 East State Street). Prior to the meeting employees of the Engineering Division will perform traffic count at the intersections and review accident history of the intersection. I would highly encourage you to attend and make your case for the traffic control.

If you have any questions or need further information, please contact me at 779-348-7656 or jeremy.carter@rockfordil.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeremy Carter".

Jeremy A. Carter, P.E.
City Traffic Engineer

The Honorable Tim Durkee
Rockford City Hall
Rockford, IL 61104

Dear Alderman Durkee,

My name is Nicole Durkee. I am a senior at Rockford Christian High School. I am writing to ask you to look into an addition of a stop sign on the corner of Wishart Dr. and Heather Ln. There is currently a stop sign on Heather Ln, but I believe that the corner should be a three-way stop.

This corner came to my attention because it is on my way to school and I, or my parents, have driven on it everyday for many years. There are two issues with this corner; the first is the amount of cars that go into a ditch while turning the corner in winter weather. With a stop sign currently only on Heather Ln., cars going south on Wishart Ln. tend to take the corner too fast and end up in the ditch in the front yard of the corner house. While driving to school, I am able to see tire tracks in the snow on a weekly basis all winter. The second issue with this intersection is the lack of visibility while going south on Wishart Dr. Due to the trees and bushes on the east side of Wishart Dr., it can be difficult to see whether or not a car is on Heather Ln. until you are almost completely in the intersection.

These issues are concerning to me because, as stated before, I drive on this corner everyday on the way to school. I believe that the addition of a three-way stop would cause cars to take the corner slower and prevent accidents and "close calls." I thank you for your time and all that you are doing for the 1st Ward.

Sincerely,

Nicole Durkee
Rockford Christian High School, Senior
