Jeremy and Jessie,

Wednesday I need to go to the above address to deal with an ongoing issue with a shared driveway and parking issues on the street. Can you guys join me.

Jeremy the owner says that after 5pm with cars parked on both sides of the street, there is usually only 1 open lane for traffic to use in both directions, and with the slight curve by his house he cannot turn into his driveway.

Officer Chuck Keen

Jeremy,

We have recently renovated the 326 W. Jefferson property with apartments. Only one of the two street frontages (the Jefferson side) of the building has the residential parking permit option that allows the residents avoid the 2 hour parking limit. We would like to get the same right on the Church St. side of the building. Todd indicated you would be able to guide me in how to get such a request on the Traffic Commission agenda and the mechanism to complete the process.

Please let me know how I should proceed.

Good afternoon Dan

I'm going to take the liberty to send your note to the head of our Traffic commission city engineer Mr. Jerney Carter for review.

I'm sure he will want to have your request scheduled for the Traffic commission agenda and we will let you know if that's a course of action required.

Hope you had a wonderful day

Jeff and I were talking today about establishing the “No Parking” area for the Sawyer Road station across from the apron **7** and adjacent areas. I just wanted to prime you on the subject so the proper ordinances and signage can be figured out. We will have the tractor trailer to consider for the space needed to exclude from parking.
